CHARDONNAY

Here at [yellow tail], we believe that great quality wine can be affordable and good fun too. We ensure our wines are vibrant, flavoursome and approachable and that each variety helps to make special moments even more enjoyable. When it comes to wine, we like to make our own rules - the only thing we're really serious about is the quality.

[yellow tail] is instantly recognisable, both for its appearance and its personality. The following tasting note is designed to give you an insight into [yellow tail] Chardonnay, but if you want to cut to the chase, it's simple - drink it, share it, and enjoy it.

VINTAGE 2012

A cooler growing season allowed a longer ripening period for the fruit to mature, which gave an excellent flavour profile and acid balance. These ideal weather conditions produced quality fruit with excellent varietal characteristics.

Cool night harvest and prompt vinification allowed winemakers to achieve a vibrant wine style that is intense and well balanced, something that is constantly recognized in all [yellow tail] wines.

REGION South Eastern Australia.

WINE [yellow tail] Chardonnay is made with grapes sourced from the highest quality vineyards. The fruit is gently pressed to extract maximum freshness and flavour. The fresh clarified juice is fermented using a selection of different yeast strains. This adds complexity and texture to the final wine. Maturation on yeast lees, malo-lactic fermentation and oak is used to impart the creamy, nougat flavours, add richness and balance the acidity. The wine is bottled at the winery in Yenda, New South Wales.

Alcohol: 13.50% | pH: 3.46 | TA: 6.29g/L | RS: 10g/L

FLAVOUR [yellow tail] Chardonnay has delicious lifted aromas of fresh fruits like citrus, lemon and white peach with a light spice that continues on the palate. The perfect balance of citrus and peach flavours coats the mouth with a creamy mouth feel and persists to a long lingering finish of peach and white spice. This is a lovely fresh and zesty wine that is also refined and detailed.

ENJOY [yellow tail] Chardonnay is created with a simple philosophy in mind - to make a great wine that everyone can enjoy anytime in any place. This is why we're reluctant to tell you what to enjoy it with. If you really want some suggestions, enjoy this wine with roast chicken.
