colour in your life

## CABERNET SAUVIGNON

Here at [yellow tail], we believe that great quality wine can be affordable and good fun too. We ensure our wines are vibrant, flavoursome and approachable and that each variety helps to make special moments even more enjoyable. When it comes to wine, we like to make our own rules – the only thing we're really serious about is the quality.

[yellow tail] is instantly recognisable, both for its appearance and its personality. The following tasting note is designed to give you an insight into [yellow tail] Cabernet Sauvignon, but if you want to cut to the chase, it's simple – drink it, share it, and enjoy it.

**VINTAGE** 2013

**REGION** South Eastern Australia.

**WINE** [yellow tail] Cabernet Sauvignon is made with grapes sourced from the highest quality vineyards. Once the grapes are crushed and stems removed, they are fermented on skins in contact with oak. Temperature controlled fermentation ensures maximum varietal flavour, colour and tannin extraction. The Casella wine is bottled at the winery in Yenda, New South Wales.

Alcohol: 13.5% | pH: 3.54 | TA: 6.19g/L

**FLAVOUR** [yellow tail] Cabernet Sauvignon is a bright red colour with a fragrant and delicate nose. Brimming with rich blackberry and sour cherry flavours, the wine is mid-weight and displays a soft and juicy finish.

**ENJOY** [yellow tail] Cabernet Sauvignon is created with a simple philosophy in mind – to make a great wine that everyone can enjoy anytime in any place. This is why we're reluctant to tell you what to enjoy it with. If you really want some suggestions, enjoy this wine with a bunch of friends and your favourite cheese.

Casella Wines Wakley Road Yenda NSW 2681 Australia
